

INC

CAPABILITY STATEMENT

BUILT FOR COMPLEX OPERATIONS

# PLAN IT. MOVE IT. BUILD IT. KEEP IT RUNNING.

5XT Inc. is a Texas-based Service-Disabled Veteran-Owned Small Business (SDVOSB), founded in 2023, delivering domestic and international logistics, contingency and expeditionary support, procurement and strategic sourcing, and operational project support to government, prime contractors, and commercial customers. Additional capabilities include construction, fabrication, maintenance, and specialty material sourcing.

## CORE CAPABILITIES

Five core areas. 5XT plans, coordinates, manages, and supports execution based on the requirements of each project.

### 01 Logistics & Supply Chain

Domestic and international transportation, routing, distribution, warehousing, material accountability, and multimodal logistics from planning through execution.

### 02 Procurement & Strategic Sourcing

Equipment, construction materials, reinforcing steel (rebar), and specialty material sourcing; supplier identification; vendor coordination; quotation analysis; and procurement support integrated with logistics and operational requirements.

### 03 Contingency & Expeditionary Support

Planning, deployment, sustainment, field logistics, and operational support for austere, remote, high-risk, and rapidly changing environments.

### 04 Construction, Fabrication & Maintenance

Construction, fabrication, repair, facility, and maintenance support through qualified technical resources and industry partners, including structural and reinforcing steel, rebar fabrication, materials, logistics, and project coordination.

### 05 Operational & Project Support

Assessment, planning, coordination, partner management, and execution oversight that turns complex requirements into practical, workable solutions.

## SELECTED EXPERIENCE

Since its founding, 5XT has supported client projects involving complex international logistics and operational requirements across numerous countries and theaters. Experience includes multimodal transportation, supply chain coordination, procurement and sourcing, vendor engagement, feasibility assessment, and field support in austere and rapidly changing environments.

2024 - United States, South Sudan, Sudan, Israel, Gaza, Cyprus

2025 - United States, South Sudan, Sudan, Israel, Gaza, Jordan, Chad

2026 - United States, South Sudan, Sudan, Israel, Jordan, Mozambique

These requirements have brought together transportation providers, suppliers, technical partners, ports, airports, regulatory authorities, and local resources, with 5XT on the ground coordinating stakeholders, solving problems in real time, and supporting client operations through complex, time-sensitive requirements from planning through completion.

## WHY 5XT

### REAL-WORLD OPERATIONAL EXPERIENCE

Complex requirements across numerous countries and theaters, including austere, conflict-affected, crisis-response, and time-sensitive operating environments.

### AGILE DELIVERY MODEL

Teams built around the requirement, integrating the right providers, suppliers, specialists, construction resources, and industry partners.

### GLOBAL PARTNER NETWORK

Established relationships across logistics, transportation, sourcing, construction, fabrication, maintenance, and technical services.

### DIRECT ACCOUNTABILITY

Senior-level involvement and a clear point of accountability from initial requirement through coordination and execution.
